President's Message

Garrett Guillozet, MPH, R.S., REHS, AEMT
Franklin County Public Health

Hello! I am starting my term as president with a great sense of privilege and honor. Our past president, Paul DePasquale, deserves a tremendous thank you! Paul has worked tirelessly over the past year guiding and leading OEHA. He has set the bar high for me, and for all future presidents!

OEHA continues to be involved in various legislative matters. Primarily, OEHA is continuing to work with the Ohio Departments of Agriculture and Health on improving the food survey methodology for local health departments. While this is an outcome of H.B. 65, the agencies have committed on working together with OEHA and AOHC to improve the survey process. I realize that the work over the last month has been troublesome; I do believe that we are continuing in the right direction. OEHA will continue to work toward a common sense solution that helps to improve the survey process, while working to improve food safety in Ohio.

Legislative work and public health engagement are top priorities for my presidency. I firmly believe that we should continue to work toward growing our membership. Through membership, we expand our shared objectives and increase our visibility statewide. We all know people who have no understanding of the work we do, and I believe that OEHA has an obligation to help educate other public health associations and the public about environmental health issues. During my tenure, I hope to continue to build our relationships with our partner public health associations across the state. OEHA should support and seek support from other associations to help further our shared mission of improving and protecting public health in Ohio.

The next six months will be very telling for environmental public health in Ohio. Our board is preparing our list of legislative concerns and policy initiatives, which will be shared with our newly elected state government officials. Public health should be a non-partisan issue, and the board will continue to engage elected leaders to advanced environmental public health in Ohio. As we move forward and prepare for a new session of the General Assembly, I encourage you to reach out to myself, or any board member to share your ideas and voice your concerns.

THE NEW STANDARD IN SURFACE SANITIZERS.

KILLS NOROVIRUS IN 30 SECONDS. NO RINSE REQUIRED.

New PURELL® Foodservice Surface Sanitizer.
It's time to expect more from your restaurant sanitizer.

-  **RAPID KILL TIME**
Eliminates Norovirus, Salmonella, and E. coli in 30 seconds.

Featured District Director's Message: Northeast

Melissa O'Connell, R.S.
Medina County Health Department

Hello fellow sanitarians and sanitarians-in-training throughout Ohio! It has been my privilege to be a Registered Sanitarian for the past 22 years! I began my career at Tuscarawas County Health Department as an SIT and gained valuable training in the food protection programs, campground inspections, pool inspections, school inspections, solid waste, infectious waste, water samples, nuisance complaint abatement, rabies prevention, and household sewage treatment systems. After working at Tuscarawas County for three years, I moved to Cleveland and worked with the fine folks at Geauga County for one year before landing at Medina County Health Department. I have been employed with Medina County Health Department for the last eighteen years working in the food protection programs. Currently, I am the Food Programs Supervisor. I work with the most amazing team including clerks, sanitarians, nurses, epidemiologists, community health educators, etc. I am proud to announce Medina County Health Department is accredited, we recently opened our

new Health Center, we continue to do quality improvement projects, and changed our logo and website to better serve the public.

I have met many of you during Ohio Environmental Health Association (OEHA) trainings and worked with many of you during the course of my career at local health departments, during outbreak investigations, and sharing information through the quarterly roundtable meetings in the northeast quadrant of the state! Everyone I have met during the course of my career (you know who you are) has shaped me and helped me grow professionally. Thank you! I am committed to making you proud. For those of you I haven't met, let me say it is a privilege to know I am working with other sanitarians across the state that are as passionate as I am about environmental health. I certainly would like to meet all of you, but if I miss you at a conference, I just want to say "Thank you" for working in this field with me every day protecting public health. We are making a positive impact daily together!

Being a member of the OEHA has helped me grow professionally, and I would like to take this opportunity to encourage other sanitarians or SIT's to join. Benefits of joining include but are not limited to: networking with colleagues, receiving updates about new legislation, training opportunities at a reduced rate, and scholarship opportunities.

This is my third year being involved with the Northeast District OEHA planning committee and I am currently serving as NE District Director. We have been diligently meeting once a month to plan for this year's annual educational conference which will be at the Galaxy Restaurant, 201 Park Centre Drive, Wadsworth, Ohio on October 9 and

10, 2018. This location has served us well the last two years and is centrally located for our district. This year's theme is "Tricks to Treat the Environment and Protect Public Health." I want to express my gratitude to the committee members for their guidance, help, and sharing their experience and knowledge with me. Being a part of this committee has been a truly rewarding experience. If you like being a part of a team, please consider joining. Similar to my Ohio University marching band experience, everyone plays a part to make the show better than the best ever!

Accu-Tab® Wastewater Tablets

- Recognized global brand
- Smaller tablet with beveled edges to minimize wicking
- No imported ingredients; stearate free

Illumi-Jet UV Disinfection Unit

- Hermetically sealed electrical components

Public Affairs Committee Report—2nd Quarter 2018

Stephan Ruckman, RS, MPH
Worthington City Schools

Work continues on many items that were highlighted during the Annual Educational Conference. Topics still being discussed include, but are not limited to surveys of Local Health Department Food Programs and Bills related to Dogs on Patios of Food Service Operations.

In other news, the Ohio Public Health Advisory Board met on April 27th, 2018. This was a special meeting to consider changes to Ohio Administrative Code Sections 3701-36-03 and 3701-36-05. Both sections relate to Public Health Standards for Local Health Departments. Specific language regarding Local Health Department reporting of inspection frequency and survey results was discussed in depth. After considering input from various stakeholders, the Ohio Department of Health updated the rule to reflect comments and

suggestions made by the OEHA Board of Directors. This language was inserted prior to OPHAB recommending approval to the Director of Health. The next meeting of the Ohio Public Health Advisory Board is June 29th, 2018. Topics which may be on that agenda include Private Water System and Registered Sanitarian Rules.

It will likely be a busy year for all of us tasked with the responsibility to monitor issues that will impact our members. We are all very fortunate to have great leadership guiding us and very skilled legislative liaisons assisting along the way. Please let me know if you have any questions or concerns you would like to share.

STRATEGIC SOLUTIONS
The Leader in Records Management

The Leader in Document Management Solutions

The most cost effective & efficient document management solutions

Healthcare • Government • Corporate
Manufacturing • Legal

SC Strategic Solutions provided document management solutions for over a decade and has developed one of the most cost effective and efficient solutions relating to records management in the industry. Our company:

- Takes total ownership of both the software and services rendered (nothing is outsourced)
- Offers a solutions for all departments and document types that may encompass scanning, records management software, workflow and electronic forms
- Has significant understanding and experience with the ORC and works closely with the state's historical society to ensure legal record compliance

SCView Software Offers:

- Instant Access to Records
- Unlimited Free Storage
- Web-Based Access
- Disaster Recovery
- Document Security with Audit Trail
- Electronic Forms & Workflow

Additional Benefits:

- Electronic Signature
- Full Text Search (OCR)
- User Friendly Interface
- Integration Capabilities
- HIPAA/State/Federal Compliance
- Affordable Price Structure

STRATEGIC SOLUTIONS
The Leader in Records Management

Document Scanning Services

Fast, efficient process for the conversion of existing paper records to digital archives, increasing access and reducing onsite storage and costs

Scanning services for any format:

- Standard Office Documents
- 16mm, 35mm Roll Microfilm
- Microfiche (Jackets or COM)
- Large Format Documents/Drawings

Document Storage Services

Solution for offsite document storage and retrieval to effectively store, manage, and safeguard your vital business records and documents.

A local, convenient solution:

- Free Up Office Space
- Reduce Costs
- Keep Records in a Fireproof, Waterproof & Wind-Safe Facility

Secure Document Shredding

Safely and cost-effectively destroy unnecessary paper-based documents. One-time or recurring, our solutions are tailored to you.

Destroy Unnecessary Documents:

- Protect confidential information
- Reduce the cost of managing information that is no longer useful
- Ensure compliance with regulations for information destruction

Remembering June Davies

Sue McFadden, R.S.
Retired

June Davies has been a special friend of mine for a number of years, and I count myself very privileged to have known her!

June passed away on March 27, 2018, after a long battle with cancer. June was born March 1, 1948, and was a graduate of Mineral Ridge High School, class of 1966. She attended Youngstown State University, where she graduated with honors in 1991.

June was an accomplished dietitian and food safety instructor. She was the founder of Nutrition Plus, where she certified thousands of people in the ServSafe program all across the state of Ohio for over 25 years. June was a delight to teach for; she was the ultimate organizer and had such an amazing memory of each and every person who took her classes. Many health departments throughout Ohio worked with June and Nutrition Plus to present ServSafe to their licensed operators. June also presented ServSafe to companies such as Dairy Queen at their annual conventions.

June also spent a number of years working for EcoSure, conducting audits of participating

restaurants in her territory in Ohio and Pennsylvania.

Other than her work, June loved spending time with her family. She was married to her husband, Glenn, for 51 years; he was her high school sweetheart. They have two sons, Glenn “Bip” Davies of McDonald and Eric (Kristin) Davies of Mineral Ridge. June enjoyed spending time at the beach and collecting beach glass as a hobby.

June was a great friend and member of the Ohio Environmental Health Association. She and Glenn exhibited at many district conferences, as well as at our Annual Educational Conference. She also presented educational seminars at several conferences. We will miss seeing June and Glen at conferences and I will certainly miss June’s friendship as I’m sure other sanitarians throughout Ohio will! Thank you, June, for your contributions to our Association and for being a special friend to many of us!

2018 Annual Educational Conference Award Highlights

Gus E. Dria, R.S., REHS
Canton City Public Health

I would like to congratulate all of the award winners and thank the District Awards Chairs for their work recognizing member achievements at the State and District level.

State Committee Members/ District Awards Chairs

- Colton Masters, RS Northeast
Canton City Public Health
- Nicki Rumschlag, RS Northwest
Seneca County General Health District
- Carrie Yeager, RS Southwest
Warren County Combined Health District
- Kathryn Madden, RS Southeast
Columbus Public Health

Kathryn also serves as the Science Fair subcommittee chair. At the AEC, Kathryn announced that after years of servicing in this position that she would be stepping down. Thank you for dedicating your time each year at the State Science Day and representing OEHA to Ohio's future scientists and possible public health employees. James May, RS, Franklin County Public Health, has stepped up to assume this position for next year's Science Day. Anyone who is available to assist next May can contact Jim or me to join the judging team.

Life Members

The following 2018 class of new Life Members were recognized:

- Dr. Charles Hart (NE District), Ohio University and Kent State University - 44 years
- Jim Lynch, RS, (SE District), Franklin County Public Health - 34 years

Thank you for your years of service to public health and OEHA. Enjoy retirement.

George Eagle Scholarship Awards

The George Eagle Memorial Scholarship Committee annually reviews applications and awards a graduate and an undergraduate scholarship for \$2,000 each.

- The 2018 undergraduate scholarship was awarded to Amelia Staats from The Ohio State University. Amelia is majoring in Environmental Public Health.

Photo: Colton Masters, GE Graduate recipient with Joe Ebel, GE Scholarship Committee Chair.

- The 2018 graduate scholarship was awarded to Colton Masters, RS, from Canton City Public Health. Colton is pursuing his Masters in Public Health from NEOMED.

Outstanding Legislator Award

The Outstanding Legislator Award was presented to Ohio Representative Brian Hill for his outstanding contributions in support of Environmental Health.

Photo: Representative Brian Hill, Outstanding Legislator Award recipient with President Paul DePasquale.

Publication Award

The 2018 State Publication Award was presented to Anne Kaup-Fett, MS, RS, REHS, from Clark County Combined Health District. This award was presented for Anne's article published in the 4th Quarter 2017 Issue of the Ohio Journal of Environmental Health entitled "Common Sense Guidance on Mold."

Photo: Adam Howard, OEHA Publications Committee Chair with Anne Kaup-Fett, Publication Award recipient.

Each year, the District Director and District Planning Committees recognize members with a Membership Award and Outstanding Sanitarian Award at the Fall Education Conferences. Here is a summary of the 2017 fall winners:

Membership Award Recipients

- NE – Nicole Bradley, MS, RS, Summit County Public Health
- NW – Aaron Longworth, RS, Auglaize County Health Department
- SW – Michael Buchanan, RS, Public Health –

Dayton & Montgomery County

- SE – Chad Brown, MPH, RS, REHS, Licking County Health Department

Outstanding Sanitarian Award Recipients

- NE – Suzanne Krippel, MPH, RS, Cuyahoga County Board of Health
- NW – Tyler Pigman, RS, Marion Public Health
- SW – Charles Noble, RS, Hamilton County Public Health
- SE – Larry Holbert, RS, ODH (Posthumous)

The Ivan Baker Membership Recognition Award

The Ivan Baker Membership Recognition Award is given to a member who has made a sustained effort for many years in promoting the advancement of the Ohio Environmental Health Association. The 2018 Ivan Baker Membership Recognition Award was presented to Michael Buchanan, RS, from Public Health – Dayton and Montgomery County.

Photo: Mike Buchanan, Ivan Baker Membership Recognition Award recipient with Jennifer Wenzel, award presenter.

Call for Articles

The Ohio Journal of Environmental Health (OJEH) needs your help. As the official publication of the Ohio Environmental Health Association the OJEH is committed to delivering key information to membership as well as publishing promising practices and interesting projects. Articles obtained for the OJEH come directly from members or those interested in environmental health. If you have an article please consider submitting it for publication!

Article submission deadlines are:

- February 15 for the 1st quarter
- May 15 for the 2nd quarter
- August 15 for the 3rd quarter, and
- November 15 for the 4th quarter.

Article submissions are in several categories including: the presidents message, the featured District Director's message, legislative updates, partner agency updates (ODH, ODA,

OEPA), OEHA committee reports, and general submissions. This final category is open for submissions from anyone who has an article that advances environmental public health. This could include a CQI project completed at your agency, an interesting project or study you recently completed, or any other article that would be of benefit to the association and the State.

The committee makes a great attempt to ensure your article is printed in the way you intend, but at times some formatting adjustments need to be made to keep the flow of the journal. Articles are formatted in Times New Roman 11 pt font in two columns with 0.5" separation and 0.75" outer margins. Also, please turn off auto hyphenation. To ensure your article is published in your vision, please submit articles using these specifications in Microsoft word or publisher 2007 or newer.
