Examination.

- (A) The Ohio department of health shall provide a written examination which is practical and objective and meets the requirements of section 4736.09 of the Revised Code.
- (B) The passing score on the examination shall be 657 or the equivalent to 70 percent.
- (C) Any applicant for examination must be registered as a sanitarian in training or approved by the director of health as a registered sanitarian applicant based on their education and experience.
- (D) To register for the written examination, an applicant must submit their online application and fee. All fees are non-refundable and non-transferable.
- (1) The fee for the written examination shall be one hundred sixty five dollars.
- (2) Applicants registering for the written examination must submit their registration through the online licensure portal at least 45 days prior to the scheduled examination date.
- (3) Applicants registering for the written examination will receive an email verification of their registration prior to the examination date.
- (E) To register for the online examination, an applicant must submit their online application and fee. All fees are non-refundable and non-transferable.
- (1) The fee for the online examination shall be two hundred sixty five dollars.
- (2) Applicants registering for the online examination must submit their registration online through the licensure portal.
- (3) All requests for exam are then transferred to the National Environmental Health Association for processing within thirty days of receipt.
- (4) The applicant is responsible for scheduling their examination at the location of their choice once they have received the scheduling code from the National Environmental Health Association.
- (F) Any applicant who fails to achieve a passing score on the examination may submit a new application once their official score has been released from the Ohio department of health. There is no formal waiting period for retesting.
